

Denne vejledning viser hvordan Tipi skal samles. Tipi skal samles af 2 personer.

This guide shows you how to assemble the Tipi. The tipi must be assembled by 2 people.

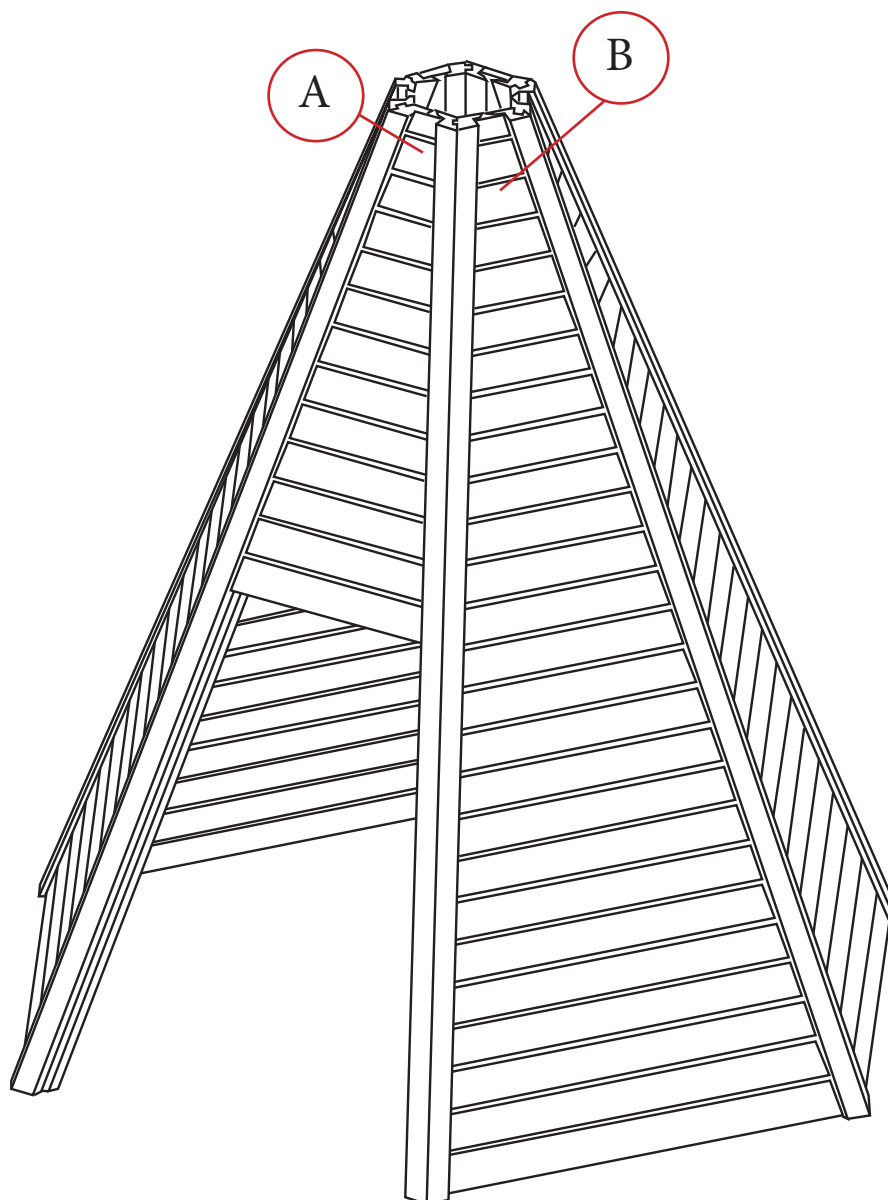

Stykliste / *Bill of Materials*

Tipi består af 6 paneler, 1 indgang og 5 sider. Se nedenstående for illustration. Alle panelerne har fer og not. Når panelerne er samlet, skal disse skrues sammen udvendigt med medfølgende skruer.

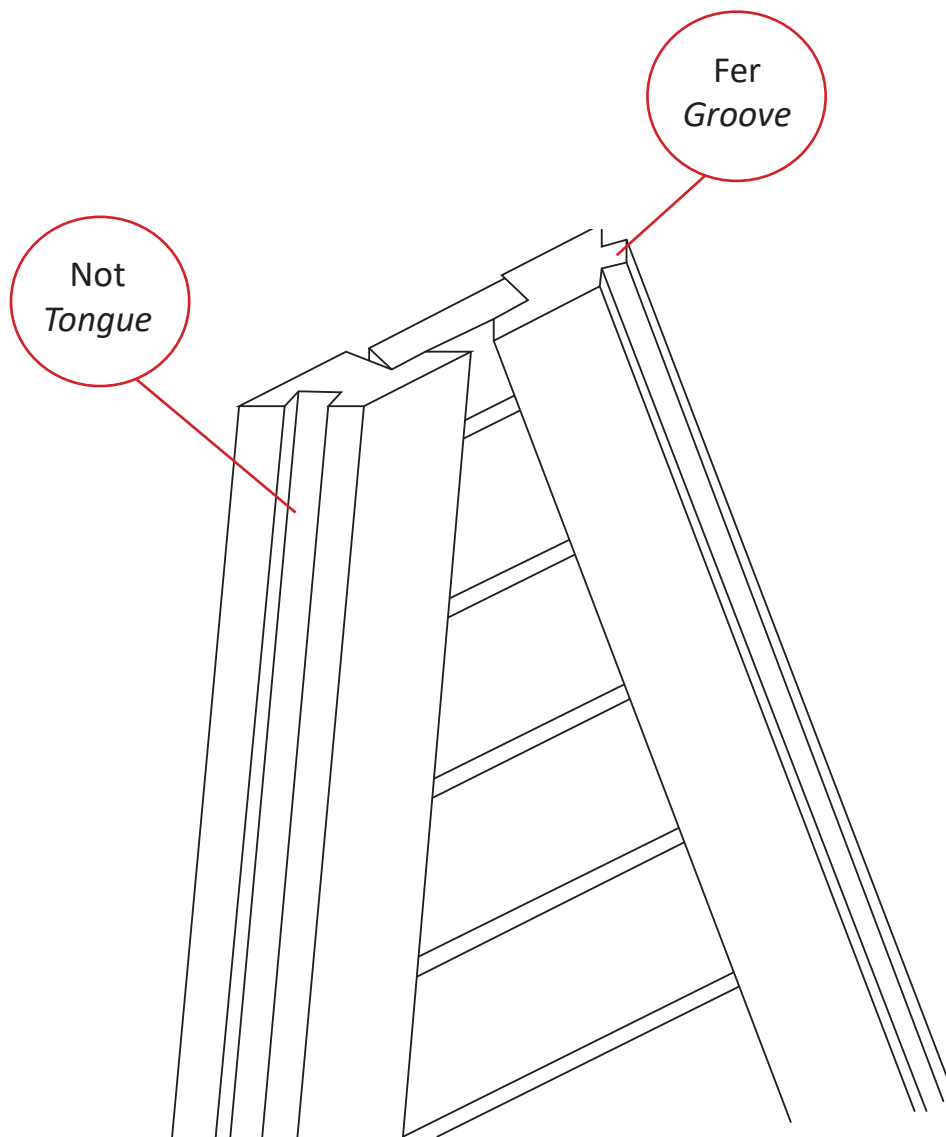

Tipi consists of 6 panels, 1 entrance and 5 sides. See below for illustration. All panels have tongue and groove. Once the panels are assembled, they must be screwed together from the outside with the supplied screws.

A	Front panel / <i>front panel</i>
B	Side panel / <i>side panel</i>

Illustreret nedenfor er fer og not.

Illustrated below are the tongue and groove.

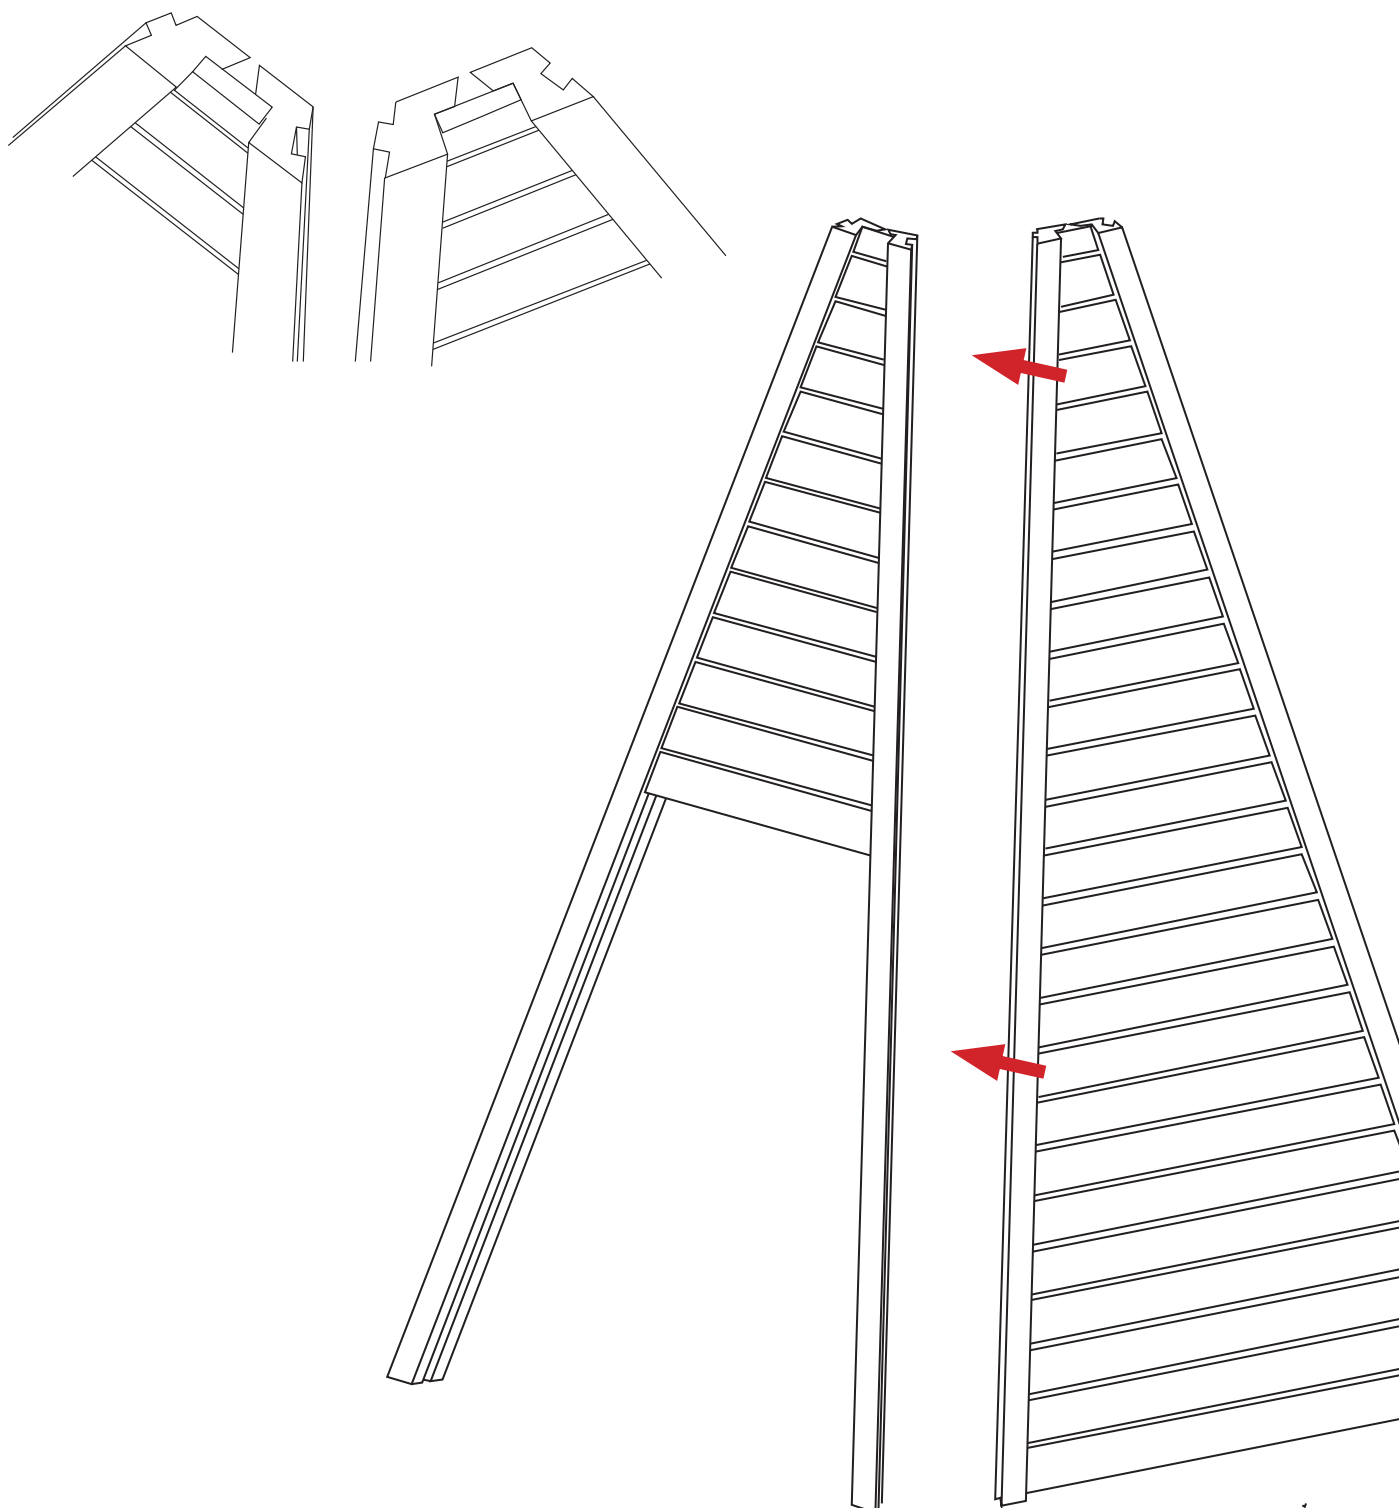

Start med part A (front panel) og sammensæt med en af de andre paneler (side panel). Det er ligegyldigt med rækkefølgen fremadrettet. Forsæt indtil alle siderne er samlet.

Start with part A (front panel) and attach one of the other panels (side panel). It does not matter with the order going forward. Continue until all the panels are assembled.

Kræver 2 personer.

Requires 2 persons.

Til sidst skrues Tipi sammen med de medfølgende skruer. Der skrues udvendigt. Skru evt. i mellem bredderne for at gøre skruer mindre synlig

Finally, screw Tipi together with the supplied screws. Screw from the outside. Screw between two widths to make the screw less visible.
